

\_\_\_\_\_ (date)

Dear Parents,

Today your child brought home the Word Work bag to share with you. We are working very hard to learn and practice sight words. This skill will help your child read more fluently. Please help your child complete the following activities:

1. Read the books together.
2. Use the magnetic letters to make words from the list.
3. Have your child write in the journal the words that he or she made with the magnetic letters.
4. Encourage your child to write sentences or a little story using some of the words.

Have fun working with words! Please return the bag with your child's work by \_\_\_\_\_.

Sincerely,
