

Happy Heart

Materials:

Writing Center Prompts book (CTP 2318)

Happy Heart reproducible (page 41)

card stock

crayons or markers

construction paper

scissors

Directions:

1. Copy a class set of the Happy Heart reproducible on card stock and distribute one to each student.
2. Encourage students to write an acrostic poem about someone special. Have each student begin each line by using a letter in the person's name, and then write a sentence that describes why he or she is special.

Tip:

The key to encouraging your students to write is to provide plenty of modeling. Explain writing exercises carefully, and do several examples together.
