

## Animal Mini Class Book

### Materials:

Star Cards Designer Cut-Outs (CTP 1743)

Yellow Large 1¼" Ring-Its!® (CTP 1716)

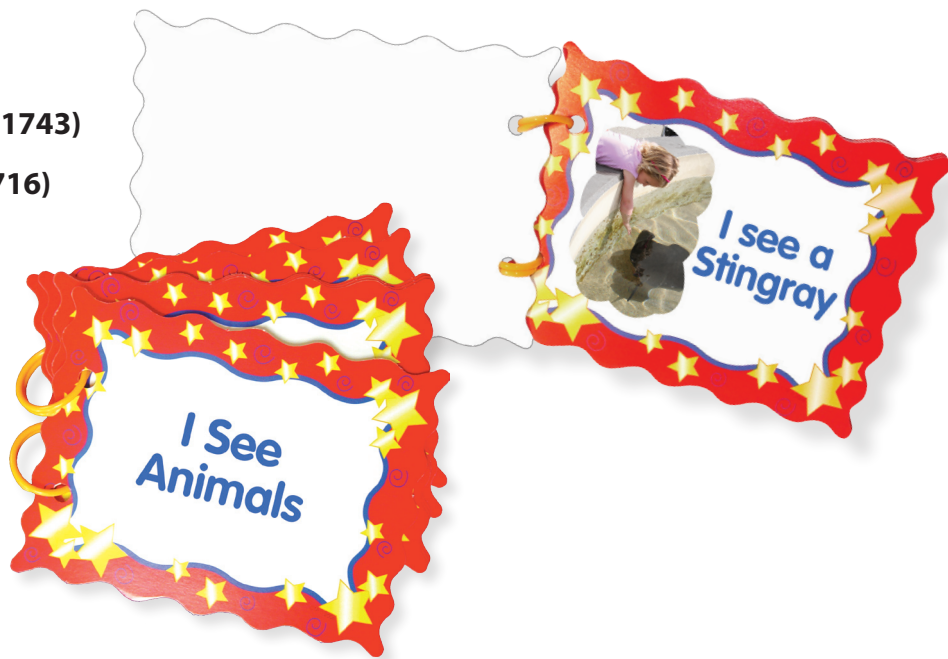

animal photos

computer paper

glue

hole punch

scissors

### Directions:

1. Have students bring photos to class.
2. Instruct them to glue their photos to Star Cards Designer Cut-Outs.
3. Have students use a computer and print their picture descriptions on paper and glue, or write the text directly, on Star Cards Designer Cut-Outs.
4. Hole-punch the edges of the Star Cards Designer Cut-Outs.
5. Use two Yellow Large 1¼" Ring-Its!® to bind the cards together to make a class book.

### Tip:

Class books are a great way to have every student participate in the writing process. Have students share about themselves, their interests, or make up a story of their own. Collect a page from each child and bind the pages together with Ring-Its!® to create a class book. For other class book ideas, check out *Standards-Based Class Books* resource book (CTP 2213).
