

Cool Penguins

Materials:

Cool Penguins Mini Bulletin Board Set (CTP 1736)

Red Small 3/4" Ring-Its!® (CTP 1744)

Directions:

1. Create a fun learning center with the Cool Penguins Mini Bulletin Board set. Separate the eight realistic penguins cards and re-attach them accordion-style with Ring-Its! fasteners.
2. Use the chart on page 4 of the insert that is included with the bulletin board to find physical characteristics and interesting facts about the penguins. Write a "Who am I?" narrative for each penguin ("I am part of a crested breed. My feathers look like eyebrows. I got my name because I hop over rocks and crevices.").
3. Have students read each fact card and match them to the correct penguin.

Tip:

Ring-Its!® are a great replacement for metal notebook rings and brass brads! They won't pinch fingers or come apart.
