

## The Desert Ecosystem

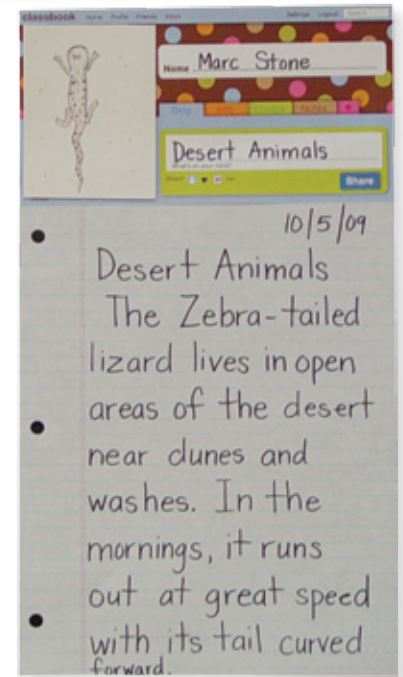

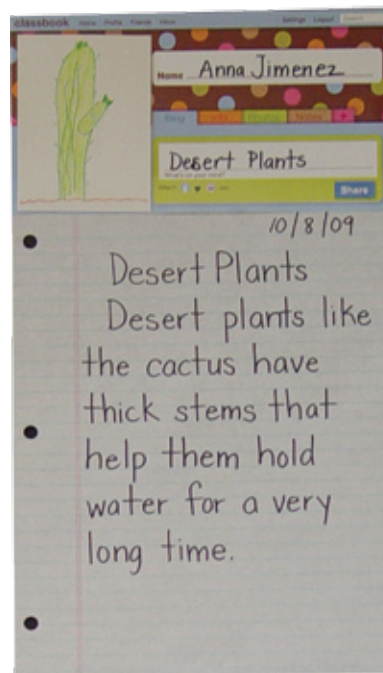

### Materials:

Classbook Bulletin Board (CTP 1486)

crayons

paper

pencils

### Directions:

1. Following a lesson on the Desert Ecosystem, encourage each student to think of a desert plant or animal.
2. Have students draw the plants or animals they choose and write facts about them.
3. Attach the drawings and facts to the page header pieces from the bulletin board set, and display students' work.

### Tip:

Use the Classbook Bulletin Board set to showcase all kinds of student work.
